

We're all looking to live someplace where we can truly focus on our health and well-being.

If you've found this in an assisted living, independent living or memory care community, or even your own home, then the UnitedHealthcare® Assisted Living Plan may be a great way to help you live a healthier life.

Our comprehensive plan offers extra benefits beyond Original Medicare, such as dental, hearing, eye care, therapy and more. Plus, low copays and deductibles for prescription drugs.

We also offer help buying over-the-counter health-related products from our health catalog.

Besides savings, you get personal, on-site care from a dedicated care team led by a nurse practitioner or physician assistant. They'll create a customized care plan that's right for you. Then they'll work with you, your caregivers and your primary care provider to help keep everyone up to date on your health goals.

When you have health concerns or questions, our care team can be reached by phone 24 hours a day, 7 days a week. We help to ensure you have more hands-on care, which can mean less worry for you.

Let the UnitedHealthcare Assisted Living Plan help provide you with more savings and tailored care right where you live.

Have questions? We'd love to talk to you.

Call 1-844-886-1314, TTY 711 or visit [uhcassistedlivingplan.com](http://uhcassistedlivingplan.com)

This is a partial listing of covered benefits and services. Benefits, features and/or devices vary by plan/area. Limitations and exclusions apply. See the plan's Summary of Benefits for more information. Over the counter benefits have expiration time frames. Call your plan or review your Evidence of Coverage (EOC) for more information. Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare Advantage organization with a Medicare contract. Enrollment in the plan depends on the plan's contract renewal with Medicare. Enrollee must be enrolled in Original Medicare parts A and B, live in the plan service area, and require the same level of care usually provided in an institutional setting.
